GUILD PAYS FOR DIAHNE.

The monthly meeting of the Young Ladies' Guild of the Trinity Reformed church was held last evening at the home of the Misses Rhodes, 6th street, West Side. The meeting was one of unusual interest. The members of the congregation were invited to the meeting and there was a large turnout. Following a short business meeting the following program was rendered: Piano duet, Miss Rhodes and Master Eugene Wagner; vocal solo by Miss Laffay, accompanied by Miss Jessie Rhodes, pianist; duet by Miss Rhodes and Master George Rudolph; Miss Rhodes, President of the society, presided and in her address announced to the visiting friends that a year ago when the Young Ladies' Guild purchased piano for the congregation. They pledged among themselves to make payment in full within a year. They were ready to make the last payment before the year was up. The Young Ladies' Guild is the youngest as well as the most thrifty organization of the congregation. It has for its aim the improvement and beautifying of the church. In addition to purchasing the piano the guild has repainted the entire church. New work to be taken up by the guild has not been decided upon. The next regular meeting will be held at the home of Miss Edith Garretts on the South Side, Friday evening July 12.

We want to **PROVE** to you that the "HOUSE OF QUALITY" can sell you the finest Brass Tube Bed made, insured for ten years against tarnishing, at less than other stores ask you for ordinary shellac-finished beds that **WON'T** stand cleaning. Come in and examine them. We'll furnish the alcohol or ammonia for you to test them. Try ours first, then touch a few drops from the same bottle on the other fellow's and see what happens.

**THE STEAM ROLLER.**

The Roosevelt organs are just now telling us a great deal about the Steam Roller and how it is rolling Colonel Roosevelt of his delegates, and the Colonel himself is bawling it out in belligerent bellowings. In view of these facts, it might be well to inquire into the history of this comparatively modern political appliance. That very Progressive statesman, Senator La Follette, has written this very interesting history of the Steam Roller as applied to national politics!

Four years ago Taff had 387 instructed delegates and 404 were necessary for the nomination. Other delegates, and delegates from very important Republican States were distributed among several candidates, mostly "factions," and there were 219 contestants. Practically this gave the committee power to decide the nomination for them was an alliance of other candidates against Taff, brought about by the efforts of Mr. Adams, who was in full boar.

The committee which was under President Roosevelt's control decided the contests with such extreme partiality that a new phrase, "The Steam Roller" was applied to its action.

The 219 delegations which were awarded to Taff went to work to overturn.

The vote which eliminated Taff on the first ballot was 702. Without the 219 contested delegates, Taff would have been decisive. The National Convention adjourned in June, no action was taken to protect the Republican party from being outraged again, in the anti-Roosevelt element declared war on the Taff men. Now the shoe is on the other foot, and the Rooseveltites are in full boar.

In the meantime we cannot forget the fact that the squatters now won the beneficiaries four years ago.

Perhaps it is the memory of this preceding that moves Colonel Roosevelt to brand the Taff members of the present committee as dishonest men. Taff has small faith in honesty. Moral obliquity may shout the Square Deal in public and prade the Shimous Curve in private. This continuous and voracious denunciation of the deacons of the Republican National Committee, which by-the-way began before the committee met, is for a second purpose, namely, to intimidate the members of the committee; and to CREATE THE IMPRESSION THAT ROOSEVELT IS BEING CREATED FOR THE PURPOSE OF ENLISTING PUBLIC SYMPATHY IN BEHALF OF AND SUBSEQUENT DESPRAVE MEASURES FOR MAY EMPLOY, TO THE EXTENT EVEN OF BOLTING AND SETTING UP A RUMP CONVENTION.

The Republican National Committee has been evidently fair in deciding the contests before it. We are able to make a statement ON THE AUTHORITY OF THE ROOSEVELT MEMBERS OF THAT COMMITTEE THAN WHOM WE KNOW NO MORAL INEVITABLE JUDGES. On this point, the strictly non-partisan Tribune Dispatch makes the following interesting comment:

"It seems time to make a few accurate statements concerning the action of the Republican National Committee on contested delegates. It is reported that Roosevelt has in his charge an outcome from Secretary Bryan and the majority that while a "phot" "comes out in our favor" and so forth, with each day's publication. This began before the election, and has continued ever since, with the result that the portion of the public opinion that way is forming the opinion that there is progress, a definite performance of delegations. It is therefore proper to review the situation on that point.

It is impossible to review every contest that has been heard and voted upon, but the general action can be predicted from what has been indicated above. There were 32 contested and decided in favor of Taff, 14 in favor of Roosevelt. There are three banks one-sided, but the actual bias of the hearings goes another aspect. In over two-thirds of the 18 contested awards given to the Roosevelt side, no candidate by the Roosevelt delegation was to be found, they could not be supported, and the Taff delegations were seated unanimous. This was the case with all but one of those delegations with "fraud" in their trumpeted claims. Failure of the Roosevelt representatives in convincing what they admitted to be true to the other side.

The Commerce Court was convened in wisdom. Its mission was to review the decisions of the Interstate Commerce Commission, just as any higher court reviews the decisions of the court of original jurisdiction, that is to say, on the proper application of the law, the facts as found below remaining undisturbed.

The Commerce Court ignored this proper rule and passed upon the facts as well as the law in reviewing the Interstate Commerce Commission. The Interstate Commerce Commission is competent to find the facts. The litigants and the country do not want these cases tried in numerous courts. One tribunal is enough, unless there is a palpable misinterpretation of the law.

We got along without the Commerce Court, and we can perhaps get along without it again.

The success of the glass brick business is getting clearer. This business has every appearance of having a big future, and Connellsville ought to hold fast to it.

## SCOTTDALE LODGES SHOWING ACTIVITY DURING THIS WEEK

Several Matters of Interest  
Before the Secret Societies of Town.

### MRS. H. C. NEWMAN IS DEAD

Wife of Well Known Young Man Passes Away at Alliance, O.—Herbert James and Wife Here from California—Other Notes of News.

*Special to The Courier.*  
SCOTTDALE, June 15.—Affairs in the secret societies of town have been active this week, and interest in lodges work is strong. This evening the Scottdale Lodge, No. 845, I. O. O. F., in which a membership contest has been going on, will have a special meeting, when Harry A. Shiner of Pittsburgh, will be present to deliver an address. Vocal and instrumental music will lend additional interest to the meeting.

The anniversary services of Fountain Lodge No. 143, Knights of Pythias, will be held on Sunday morning, the Pythian church having been selected for the services. The meeting will be at the hotel rooms in the Fischer & Gratz building at 10:30 o'clock sharp, and from there will march to the church. Rev. William H. Russell, pastor of the church, will preach the sermon at 11 o'clock.

J. Harvey Luker was the delegate representing the local lodges at the Westmoreland County convention of the Patriotic Sons of America at Mt. Pleasant yesterday. A large number of others attended the convention from here.

Deputy Supreme Organizer Charles Lake is working hard to bring the membership of the local lodge of the Loyalty Order of Moose up to 500. Last week he secured 71 new members and this week 41 additional members.

Following the commencement exercises of the Peterson Business College on Thursday evening the Scottdale Lodge, B. P. O. Elks entertained the orator of the evening, Wood N. Carr of Uniontown, at the local Lodge rooms.

**GAME TODAY.**  
Eliza Scottdale has been very anxious in her support of the Connellsville baseball team since that team began the season many here are wondering in what measure Connellsville fans will return the compliment when the Bradford Babbitt Association opens their season with the Pittsburg Athletics at Pittsworth park this afternoon at 3:30 o'clock.

### MRS. NEWMAN DEAD.

Dr. and Mrs. S. W. Newman left today for Alliance, O., to attend the funeral of Mrs. Rebecca Hyatt Newman, wife of the late Mr. and Mrs. Newman. Mrs. Newman died yesterday after a protracted illness terminating in Bright's disease which manifested itself severely about two days ago. She was the only daughter of Mr. and Mrs. Hiram Hyatt, well known residents of Alliance, and who have settled in Scottdale. Mrs. Newman is about 50 years old, and besides her husband and parents, leaves one brother, John K. Hyatt of Alliance. Mr. Newman has been a resident of Alliance, where he is engaged in business, over since his marriage several years ago. The funeral will take place on Sunday.

### GOING TO GERMANY.

Mr. and Mrs. A. A. Grosser of Mt. Pleasant, left yesterday for New York from where they will call on the German Lloyd steamer, George Washington, for an extended visit to Germany. Mr. and Mrs. Grosser are the parents of Mrs. E. L. Alden of Scottdale. They expect to return home in the latter part of September.

### ROV' AIR SEWER.

Street Commissioners J. M. Shantz and a force of men have been busy digging this week in the repaving of the big sewer empting into Jacobs Creek in the Fourth Ward. The sewer was dug during the heavy floods of some weeks ago and it was necessary to wait until the creek should get low before work could be done to fix up the damage.

### BUILDING SEWER.

A new sewer line is being put from the roadway of Edward Shantz to the 10th street sewer.

### TO CONVENTION.

Several Scottdale people will attend the fourteenth annual convention of the Westmoreland County Christian Endeavor Union, which will be held in the Reformed Church at Pittsburg City on June 20 and 21. Mrs. A. Hartford of Scottdale is the district superintendent for this locality. The delegates will leave here on the 7:45 A. M. train. Represented by delegates there will be the United Brethren Church, the Christian Church, United Evangelical Church, and the Church of God of Alabion.

### UNCERTAINTY CLASS.

Miss Teresa Bremner entertained the class of 1912 of St. John's Parochial School at her home on Broadway last evening. There were a dozen graduates in this senior class, Miss Bremner being one of them. The decorations were in the class colors, blue and gold, and these colors were carried out in the cakes, ice cream, etc. From the chandelier were suspended 12 pictures in the class colors, to which were American Beauty roses which lay on a bronze centerpiece on the table, and to the roses were fastened the favors. Orange blossoms and pointed conch shells were suspended from the ceiling.

### Anty Drudge Explains Why the Waist Went into Holes.

*Mrs. Don'tone*—"I must have been cheated in that woolen waist. It pulled right into holes in the washtub."

*Anty Drudge*—"You wouldn't think you were cheated if you got a leg of mutton which boiled that tender. It was the boiling that weakened your waist just as it makes meat or vegetables tender. Stop boiling your clothes. Wash them with Fels-Naptha in cool or lukewarm water, and they'll wear twice as long."

What are clothes made of?

Wool, cotton or linen, animal or vegetable fibre.

What does boiling or scalding do to them?

Makes them tender just as it does meat or vegetables.

What does hard rubbing on a washboard do to them?

Wears them into holes before their time.

Are you abusing your clothes like that in the weekly wash?

Burning up fuel and working like a slave to do it?

There's a far better way to get clean clothes.

Let Fels-Naptha soap take the dirt out of them in cool or lukewarm water without boiling, without hard rubbing.

It saves the clothes—makes them last twice as long.

In summer or winter, it saves fuel, time, hard work, bother and discomfort.

Directions for the Fels-Naptha way of washing are printed on the back of the red and green wrapper.

Follow them carefully.

**Mr. Stoner and the late A. J. Stoner** of Scottdale, and his numerous relatives in this locality.

## REPUBLICANS IN CHICAGO SEVENTH TIME TO NOMINATE

**Standard Bearers Picked There in Former Years Have Stormy Time.**

### BLAINE AND HARRISON BEATEN

**Other Nominees Were Elected but Lincoln and Garfield Met Death at Hands of Assassins—Lincoln the First Nominee to be Successful.**

**WASHINGTON, D. C., June 16.—**The gathering of delegates at Chicago next Tuesday forms the fifteenth national convention held by the Republican party since its birth in Pittsburgh more than half a century ago.

The first convention was in Philadelphia in 1854, and Edward D. Morgan called it to order on June 17. Robert Emmett of New York was temporary chairman and Henry S. Lane of Pennsylvania permanent chairman, with David Wilmot as head of the committee on resolutions. The platform declared against the extension of slavery in the new States and Territories and demanded the admission of Kansas, and advocated the building of the Union Pacific railroad. The candidates nominated were John C. Fremont—in defeat; John McLean of Ohio on first ballot—and William L. Dayton of New York. The ticket was beaten by the Democratic ticket nominated at St. Louis and headed by Buchanan.

The second, but in point of importance really the first, convention of the party was held in Chicago, assembling June 13, 1860. The platform declared for the preservation of the Union, denounced the extension of slavery, and advocated tariff laws "which would encourage the development of the industrial interests of the country." Abraham Lincoln was nominated for President on the third ballot and Hannibal Hamlin of Maine was nominated for Vice President on the second ballot. This ticket was successful in the fall, easily defeating the divided Democrats.

The third Republican convention met in Baltimore on June 7, 1860. The platform declared for the carrying on of the war, and called a constitutional amendment forever prohibiting slavery anywhere in the Union, returned thanks to the federal soldiers and sailors, and endorsed the emancipation proclamation. Abraham Lincoln was re-nominated, receiving all the votes except those of Missouri, which went east for Gen. Grant. Andrew Johnson of Tennessee was named for Vice President. This ticket was successful at the polls.

The record of Republican national conventions and candidates held since the close of the civil war is as follows:

Chicago, May 20, 1868—Ulysses S. Grant of Illinois and Schuyler Colfax of Indiana.

Philadelphia, June 5, 1872—Ulysses S. Grant of Illinois and Henry Wilson of Massachusetts.

Cincinnati, June 14, 1876—Rutherford B. Hayes of Ohio, and William A. Wheeler of New York.

Chicago, June 1, 1880—James A. Garfield of Ohio, and Chester A. Arthur of New York.

Chicago, June 8, 1884—James G. Blaine of Maine, and John A. Logan of Illinois.

Chicago, June 19, 1888—Benjamin Harrison of Indiana and Levi P. Morton of New York.

Minneapolis, June 7, 1892—Benjamin Harrison of Indiana, and Whitelaw Reid of New York.

St. Louis, June 7, 1896—William McKinley of Ohio, and Garrett A. Hobart of New Jersey.

Philadelphia, June 19, 1899—William McKinley of Ohio, and Theodore Roosevelt of New York.

Chicago, June 21, 1900—William H. Taft of Ohio and James S. Sherman of New York.

The convention next week will be the seventh that the Republican party has held in Chicago. Of the Republican candidates nominated in that city, Lincoln and Garfield were assassinated. Blaine died disappointed. If not heartbroken, man Arthur, who succeeded Garfield tried to realize the full meaning of political ingratitude. Harrison, although renominated at Minneapolis, was defeated. The defeat of Grant in the convention which met in Chicago in 1860 was the occasion of a bitter feud in the Republican party, and eventually led to the defeat of the party four years later. Mr. Roosevelt was nominated in Chicago in 1901 and Mr. Taft in 1908. These two, of the seven standard bearers named by the Republican party in Chicago conventions, are the only ones living.

### THE TIME TEST.

Connellsville People Cannot Demand Stronger Proof of Martin.

The test of time is what tells the tale. The public is quick to detect misrepresentations and more alone will stand the test of time. Long ago many grateful people in this locality publicly endorsed Doun's Kidney Pills; they do so still. Would these statements be confirmed if Doun's Kidney Pills did not possess lasting merit? The following testimony should convince the most skeptical Connellsville reader.

Mrs. Carrie E. Albright, 63 S. Beeson Ave., Uniontown, Pa., says I cannot say too much in praise of Doun's Kidney Pills for they have been of the greatest benefit to me. In October, 1907, I gave a public statement in their praise and now I am pleased to confirm that endorsement. Use Doun's Kidney Pills whenever I have backache, and they are valuable from my kidneys and I never fail to get relief. Other members of my family have procured Doun's Kidney Pills and have been benefited through their use."

It will quickly show its power once you use it, so I think you had better send what it is without delay. I will send you a copy free—you can use it and cure yourself at home.

### COKERS DROP TWO GAMES TO M'KEESPORT TUBERS

McGrath's Men Give Sweet Revenge for Double Defeat Banded Them Here May 30.

The Tubers took sweet revenge for the Memorial Day defeat by twice defeating the Cokers yesterday at Mc'Keesport. In the first game Houser had hammered hard. Miller was the hefty batter for the Cokers, getting four hits and two bases, while the game was won by a new man, pitched well but the Cokers could not hit better hard enough to win. The score:

## PRETTY NIFTY DRESSER, EH?

Any man who has so far hesitated about buying his summer suit, and who has the smallest care for a good appearance, will be eager to come out today and see how much clothes value he can get for his money. Nowadays most men of sense prefer to be sure of clothing at full prices than to be doubtful about suits on which somebody decides to say there is a "saving" of "a fourth," "a third" and so on.

Also they prefer to deal with a store where they are always sure of getting 100 per cent. value for their money as against the store where there is one chance of getting something for almost nothing, and ninety-nine chances of getting taken in.

For these men of sense we are ready today with

### Blue Serge Suits, \$15, \$20 and \$25.

made of the finest materials and best dye known in the ready-to-wear clothing business. The next good point about these suits is that they were made in a style that shows good taste this season and will be just as sensible and correct next year. A suit bought now won't be worn-out this year—you'll start 1913 with it! We aim, on general principles, to have Wright-Metzler clothing at least a notch above what the same money will get anywhere else. We believe our \$15 and \$20 blue serge suits the best money's worth obtainable; and those at \$25 worth the difference for good reason of fabric or tailoring.

All Wright-Metzler serge suits—\$15 to \$25—are covered by a broad guarantee of a new suit for one that fails—and no debate over it.

**Coolest of summer Suits in other colors and fabrics—\$10 to \$30. Special tables of good suits at less than regular price because sold out sizes broke the line-up.**

**Values to \$18 for \$10; values to \$28 for**

**\$16.75. Nothing wrong with these suits.**

### AND NOW:

#### Swiss Straws for Men.

They've just arrived. Light of weight, peculiarly woven—even the straw is different. This notice accompanied them: "The straws on these Swiss hats are stiffened a trifle so they will stand the rough handling incidental to the ocean trip. The hat is readily made very flexible or self-conforming by pulling against the leather in opposite directions. Such treatment cannot throw the brim out of shape." \$4.00 each.

### Going Away?

We have trunks that don't contain a splinter of pine—nothing short of bass wood even in the cheapest ones. Our prices are the lowest. Then comes real walrus bags at \$15 instead of \$20, because of a fortunate trade deal. Leather suit-cases—genuine cowhide, at \$5.00. \$7.50 anywhere else. And matting suit cases worth \$1.25 for \$1.00 each. It will pay you to buy your travel needs here. Quality the best in every instance.

### Indian Suits.

A new shipment. Following the exhibition given by Buffalo Bill's show the youngsters cleaned us out of Cowboy and Indian suits. We're caught up again and those little fellows whom we turned away last Wednesday may have their suit today.

Also new today:

50c rompers in all sizes.

Wash suits—sizes complete.

Beach suits—entire price range.

Hotel People, Attention!

Waiters' Coats, Bar Aprons, Vests and Chef's Caps.
